Welcome

We want you to enjoy the benefits of good dental health and a naturally attractive smile and will help you to achieve these through the highest standards of treatment and advice

Welcome to our practice

The practice is located at the end of a characterful Victorian terrace and has been transformed internally to provide a state of the art treatment facility offering high quality routine and advanced dental care in calm and relaxing surroundings.

We take great pride in the quality of our dental care and hope to make your visits as pleasant and easy as possible.

Making appointments

To request a routine appointment, please call in, telephone or fill in our online form. When you arrange your first appointment, please tell us if you have any special needs, so that we may tailor your care to your personal requirements.

Emergencies

If you need to be seen urgently, please telephone for advice.
If treatment is essential we shall try to see you within 24 hours.

Services

We offer a full range of the most up to date treatments to improve dental health and appearance

Cosmetic Dentistry

“Smile Makeover” is a popular term today. Whether on TV or in the latest fashion magazine, you’ll likely hear about the “life changing” effects of a person’s smile makeover. We offer a full range of cosmetic procedures including dentist-supervised bleaching, porcelain veneers, crown and bridgework and tooth-coloured fillings, to give you that confident smile.

Facial Cosmetic Skin Treatments

Looking great does not end with a beautiful smile - it extends to the whole face. We also offer a range of non-surgical treatments for enhancing facial appearance, smoothing lines and removing wrinkles including dermal fillers - Teosyal® and the use of Botox® Dynamic Wrinkle Relaxation Injections. Hyperhidrosis and TMJ (jaw joint problems). All treatments are carried out safely by Karen Watson.

Dental Implants

Teeth may be lost due to gum disease, tooth decay or accidents. The traditional methods of tooth replacement are bridgework or removable dentures. However, both these techniques have drawbacks, such as the need to sometimes prepare healthy teeth for bridgework, or looseness with removable dentures which can cause embarrassment.

Invisalign

Invisalign can help to straighten crowded teeth without the need for traditional metal braces. The treatment is nearly invisible and is removeable. Treatment length will vary depending on your case, but the average treatment length is between twelve to eighteen months.

Philip Moore BchD (Leeds)

Philip graduated from Leeds University in 2001. Working initially in Mirfield and Keighley. In 2006 along with Owen Higgs he purchased Ilkley Dental Care Limited.

Philip believes in providing the highest standard in all aspects of dentistry, treating patients how he himself would like to be treated.

Taking particular pride in making a real difference to patients, helping them to achieve a healthy smile which they can be proud of.

Owen Higgs BDS (London)

Owen graduated from Guy's Dental Hospital in 2001 and moved to Yorkshire to work in general practice in Keighley. In 2006 along with Philip Moore he purchased Ilkley Dental Care Limited.

Owen believes that working in the Dental profession is an enjoyable one and has given him a range of skills that allows him to consider every patient and to treat them according to their specific needs, to achieve the best results for the patient.

Karen Watson BDS (Lond) MSc

Karen qualified in 1990 from Kings College Dental Hospital in London, joining the Belle Vue Dental team in 1992. After a period of working in Australia, she returned to her Belle Vue home in 1997.

In addition to providing General Dental care in both adults and children, Karen performs full restorative rehabilitation and all aspects of cosmetic dentistry.

Karen has carried out postgraduate training in advanced restorative dentistry, orthodontics and oral surgery.

Karen gained her MSc in Endodontics (specialized root canal treatments) at the University of Chester 2017, and she accepts referrals from other general dental practitioners for endodontic treatments.

Karen also specialises in advanced facial aesthetic procedures, including anti wrinkle injections and dermal fillers and TMJ disorders (Jaw Joint Pain).

Johnlery Stroud BchD (Leeds)

Johnny graduated from Leeds in 2008. He has worked across Yorkshire. Settling at Ilkley Dental Care Ltd and Bodental in Skipton.

He believes that people deserve to smile, talk and eat with confidence and patients should be treated in a personal and caring manner.

Johnny is currently undertaking his masters degree in Implantology.

Susan Appleby BDS (Newcastle)

Sue graduated from Newcastle University in 2014. She has been working in Yorkshire since her graduation. In 2016 she became a member of the Faculty of Dental Surgeons of Glasgow, and is continuing to develop her skills in both Invisalign Go Quick Straight Teeth and Facial aesthetics. She has a special interest in Oral Surgery which she is keen to develop over the next couple of years.

Sue wishes to ensure she interacts with her patients so they receive the best care and treatment possible.

Helen Lindley

CEB Cert in Dental Hygiene

Helen joined the practice team in 2000 and has over 35 years experience of hospital, general and private practice.

Joanne Goddard-Gallery

Dip Dent Hygiene;
Dip Dent Therapy

Joanne who joined our practice in 2008 has over 10 years experience as a dental hygienist and has also been a fully trained Dental Therapist since 2006.

Payments and fees

Adult payments are treated privately and we offer a range of payment models to suit individual needs. Under our fee per item "Pay-As-You-Go" model you simply pay for each item of treatment as it is received.

Alternatively our Care Plan Memberships allow you to budget for your care via monthly or annual fixed direct debit payments.

0% finance is also available subject to status. We will be pleased to explain the relevant benefits and costs of these alternatives to enable you to choose the model which is right for you.

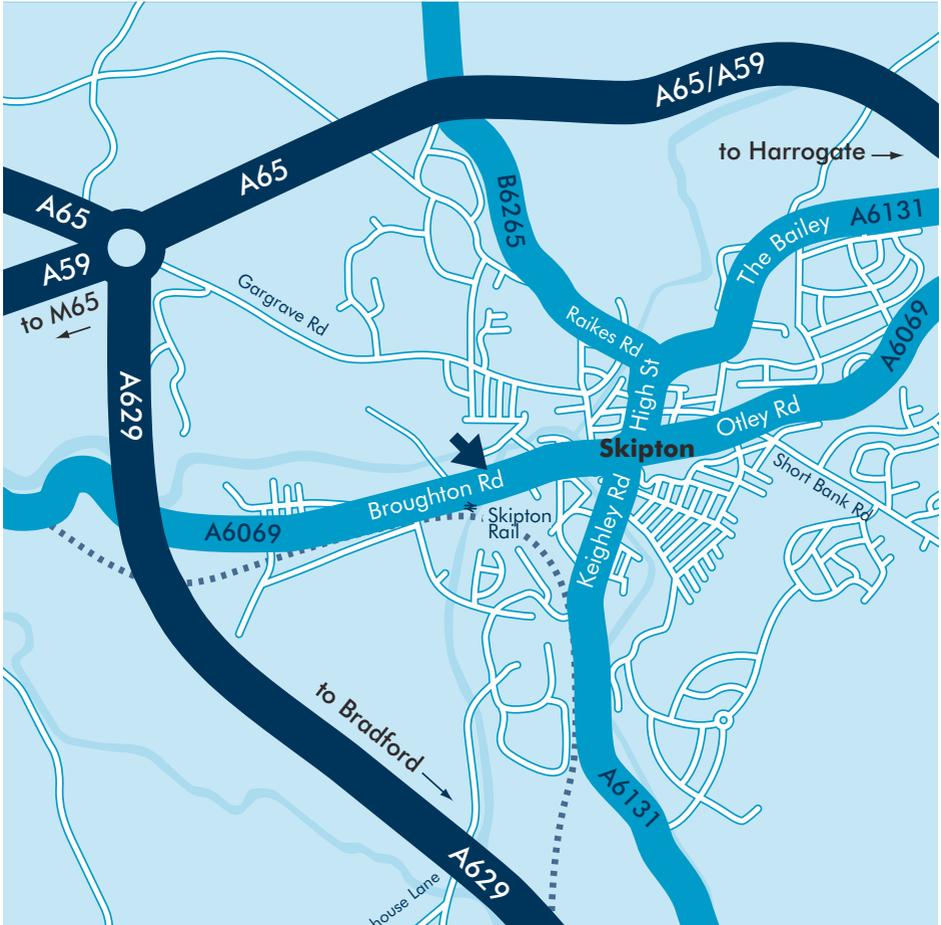

Complaints Procedure

The practice welcomes complaints as well as compliments, because it is through receiving feedback that we can continually improve our service to patients. Full details of the procedure are available on request and can also be found on the practice website - www.dvdp.co.uk or by contacting the practice direct.

Location

The practice is located in Broughton Road, Skipton. We are 50 yards from the railway station and easily reached by rail. There is ample car parking opposite at Morrison's supermarket, maximum stay for 3 hours, they do encourage a small purchase for the free parking; and designated disabled parking immediately outside the practice.

Opening Hours

Monday 8.30am - 4.30pm
Tuesday 8.30am - 5.30pm
Wednesday 8.30am - 5.30pm
Thursday 8.30am - 5.00pm
Friday 8.30am - 4.30pm
